

MIDNIGHT WORKOUTS

Jay Saccone and Georgie O, Midnight Workouts represent the intersection between deep house and emotional grooves. The duo seamlessly fuses dark and light beats with hooky vocals and elegant production.

Cinematic tones come from producer Jay, a Goya Award-winning film composer (Spanish equivalent of the Oscars) and analog gear connoisseur. Meanwhile, singer songwriter Georgie, previously signed to EMI Records, delivers soulful vocals grounded in pop.

Jay and Georgie joined forces in 2015 aiming to bring their differing musical styles together into a truly moving embodiment of EDM. Signing to Mite Music, they released tracks like Real Love and Overload that put them firmly on the map. Huge radio support from Ibiza saw Midnight Workouts become a club act of choice. Over the last two years they have shared the stage with such big names as Snap, Claptone, Agoria, Audiofly, Jan Blomqvist, Roger Sanchez and Groove Armada.

As a natural evolution of this journey, in 2018 Midnight Workouts signed to Ibiza label Be Adult Music and released Loverman, a single showcasing killer remixes from the likes of Vincenzo & Urmet K. They are currently working on an album that promises to bring their signature sound to full fruition.
